July 2014

The Bravest

The weather is starting to heat up, and with that we need to be aware of the effects that it is having on us. Please make sure that while you are taking part in those outdoor activities, that you are drinking plenty of water. You also want to make sure that you are protecting your skin. Always try to wear a sunscreen with a SPF rating of 30 or higher, and if you are sweating a lot make sure that you are reapplying from time to time. These few tips can keep you safe and keep you from getting burned.

Springville Fire and Rescue was pleased to have Dr. Butler, Sheila Frink, and members of Anamosa Ambulance visit us during our regular meeting this past month. We used this time as a meet and greet for both of our services, to get to know one another, and better understand our working relationship with their service. We also had the opportunity to meet one on one with Dr. Butler, who is our current Medical Director. She was able to better understand what equipment our service had to offer and the level of care that we are able to provide. We feel meetings like this will strengthen our relationship with Anamosa Ambulance. You might also see from time to time an Anamosa Ambulance driving around town. They are doing this so that their members better understand the streets and addresses within the city. If you see one of their crews out and about stop and talk with them, and take the time to thank them. They do a great job for Springville and the surrounding area.

I would like to take this time to say thank you to all of those that donated to Springville Fire and Rescue in honor of Roy Olinger. We will be using these donations to purchase a new piece of life saving equipment in his honor. Fire Chief Patrick Hoyt, Jr.

LIBRARY NEWS & CALENDAR

Every Thursday Story time for ALL Ages 10:30

Every Thursday Knitting & Crochet group 1:00

July 1 1:30-2:30 Activity Fun with Science

Awake: Doing a World of Good One Person At a Time by Noel Brewer Yeats (book on CD)

Break the Cycle: Healing from an Abusive Relationship by Tracy S. Deitz

Watch the calendar of events!

Summer is a busy time at the library. DO NOT miss anything! Every Tuesday & Thursday we have things going on, with some special things in-between.

Frederick Blanch is coming to our library July 7th @ 5:30

Frederick Blanch will read from his latest book "Last Words", a witty, charming, sad, and hilarious account of the author's trial, travels and travails. "Last Words" has been nominated for the prestigious Minnesota Book Awards, and the long time author has been characterized as Minnesota's "Mark Twain of non-fiction". Light refreshments will be served.

Bug Man coming!

Two years ago the Orkin Man came to our library to talk bugs. He was great and we learned a lot about bugs (and yes he took them all back with him). We asked him to come back again and we were excited when he said yes. He puts on a very interesting program for all ages. So come and see him July 15th at 1:30.

Mississippi Valley Regional Blood Center well put

On July 22 @ 1:30 the staff of the Blood Center will put on a puppet show to teach us how blood works in our body. This looks like a fun show so be sure to put us on your calendar.

Linda McCann coming back with her new book on "Prohibition"

She will be here to discuss this fascinating historical subject. She will have books to purchase and the library will have one available for check out. This program starts at 1:00 on July 26th.

Recap of June programming

We had Good Ole Country & Red Cedar Chamber. We had Kristin Simon from Blue Stem talking about gas, and read the book Walter the Farting Dog Goes on a Cruise. Bill Desmarais came to talk about his dinosaur digs. June 10th was Build a Robot day and boy do we have a lot of robots. Come look at them on display at the library. Summer Reading continues ALL summer till August 12th, so come and join in on the fun!

REMINDEES

≥ Water meter readings & payments are due on the **15th of the month**. If the 15th of the month is not a business day, you have until the end of regular office hours on the first business day after the 15th. Payments can be put in the drop box in the city door. Readings can be emailed to cityofsp@netins.net, or left on the answering machine at 854-6428.

≥ Deadline for items in the next newsletter /community calendar is July 16th.

≥ Rudd Trash Tags are available for **\$3** each at the City Clerk's office, Woody's One Stop and Casey's General Store. **One tag is to be placed on each "collection bag or container". Collection bags are plastic, water-tight bags securely tied or sealed. Each bag or container shall not exceed forty pounds or 33 gallons when full. Please make sure each bag you set curbside has a sticker on it. Bags or containers without a tag will be left curbside.** Recycle tubs are available at the Clerk's office for **\$14** each. **A special reminder from Marsha at Rudd: Pickup time begins at 5 am. Rudd does not recycle glass. Glass containers should be placed in your regular trash container or may be taken free of charge to the Cedar Rapids/Linn County Solid Waste Agency.**

Historical Feature

1890s bicycle racer got start in Springville

When Springville's town marshal, Frank Lee, arrested J. Frank Starbuck April 11, 1892, for riding his bicycle on the sidewalk, he couldn't have known this young man soon would set racing records on both sides of the Atlantic. Starbuck appeared before Mayor George C. Woods, pleaded guilty, and paid his \$1 fine.

Born about 1869, possibly in southwest Iowa, Starbuck had come to Marion in his late teens to work for his sister's husband, E. D. Patterson, who owned a bakery. Starbuck later got a job at a Springville drugstore (probably that of Byron M. Hopper). At about 21, Starbuck began working with his first trainer, William "Billy" Bell, 29. (Bell later owned successful poultry packing plants.)

In September 1892, five months after his arrest, Starbuck won his first bicycle race at the Central City Fair. It was the start of a brief but illustrious career, as he won ever-larger races. In spring 1896, he moved to Riverton, N. J. He married Bertha Wise of Lewisburg, Pa., that December, and they honeymooned in London and Paris.

On Aug 26, 1897, the Glenwood (Iowa) Opinion wrote, "J. Frank Starbuck, a nephew of E. (Elisha Jr.) Starbuck of this city, is now the champion long-distance bicycle rider, having made his record in the East. Starbuck started out several years ago to make bicycle riding a business, and during this time has won \$6,000 in races."

Starbuck was about 30 when he returned to Iowa in November 1899, but his watch repair business in Marion was short-lived. He and Bertha moved back to Philadelphia in May 1900 and he resumed training. However, in August a motorcycle collision in Baltimore, Md., ended his racing career. After being released from Johns Hopkins Hospital a couple of months later, he repaired watches at a Baltimore jewelry store.

In summer 1910, he opened the Starbuck Garage on Market Street in Philadelphia, selling De Tamble cars (manufactured from 1908 to 1915). He also started "sub-agencies" in several other Pennsylvania cities. How long he worked in auto sales is not known. In February 1913, he received a patent for his invention of a vehicle wheel whose spokes were formed by flat springs.

Starbuck lost his wife to pneumonia Oct. 17, 1918. Her birth year isn't known, but she was probably still in her 40s. The couple apparently lived in Lansdowne, a Philadelphia suburb. Starbuck died in early April 1927, when he was about 58.

Family background

The names of J. Frank Starbuck's parents are unknown, but his Quaker paternal grandparents were Elisha Sr. and Mary Plummer Starbuck. Elisha was born in North Carolina and Mary in Ohio. They were married in 1828 at Stillwater Monthly Meeting, Belmont County, Ohio. With their 10 children, they moved to Iowa about 1852, living first in Troy, Clark County, and later in Glenwood, Mills County. Two of their six sons died in the Civil War. The first name of J. Frank Starbuck's father may have been Robert, Abram or Hezekiah.

SAHS events at Brown Farm, Fun Days

The Springville Area Historical Society (SAHS) will not meet in July and August, but has planned two special events. On July 26, an SAHS display will be shown at Brown Farm Pioneer Days near Central City. On Aug. 9, during Springville Fun Days, SAHS will host an open house next door to City Hall.

At the June 10 meeting, president Bev Franks noted a new acquisition, an antique pump organ that was in the Springville home of SAHS members Merle and Harriett McGrew before their recent move to Marion. It belongs to their niece, Sarah Ellyson, daughter of Bert and Mary Lou McGrew, and is on loan to SAHS. Bev extended thanks to the Springville volunteer firemen who volunteered their help to move the organ.

Members Dave and Eleanor Kelley donated four advertising items: a metal Stambaugh Motors name sign, a bottle opener from Carnahan Shell Station, an

expanding yardstick from the Springville Co-Op Elevator, and a 48-inch ruler from Dick Nielsen's DX station in Marion.

Kimball Behning, chairman of the Electronic Archives Committee, gave an update on plans for establishing an SAHS Website. This should take place in the near future. In August, SAHS hopes to present a public program about information that can (and can't) be found in property abstracts. The date will be announced later.

Historian Karen Taylor unveiled a two-sided metal sign, likely from the 1930s, advertising Springville Ice Cream. The sign, made to stand on the sidewalk outside a business that sold the product, was a gift from Granger House historical museum in Marion. When Emil "Dutch" Levensen ran the Springville Creamery (1928 to 1945), the ice cream manufactured there became quite famous in Cedar Rapids, Marion, and surrounding towns.

Other persons attending the June 10 meeting were James Crow, vice president; Jean Schmidt, secretary-treasurer; Doug Beard; Wes Bender; Pat Rose; and Steve Shaffer.

1860s building was on Hiner site

A two-story frame structure which stood on the site of Hiner's Plumbing & Heating at 275 Broadway was built about 1868 by Calvin Newman. His son-in-law, William Wilbur, operated a grocery and dry goods business in it, with a partner named Mr. Lee.

Later, the building housed Hoffman Bros. Hardware and then Gritman Bros. feed store. In the 1930s, implement dealer Mason Gramling purchased it. This building and two smaller ones immediately to its north were razed in September 1938 to make way for construction of a modern filling station. *(A photo of the three buildings is on Page 140 of the Springville Centennial History.)* **See below.**

Historical Society now has website

The Springville Area Historical Society (SAHS) website may now be viewed at www.springvillehistory.org. The site, designed by SAHS member Kimball Behning, "went live" June 23. It features photographs, historical articles, and text from publications such as the 1878 Linn County History.

Mr. Behning will make updates and additions to the site as more material is digitized. SAHS members had discussed acquiring a website for well over a year. In the last few months, at the prompting of member Merle McGrew, action was initiated to make it a reality.

City Council Minutes - June 2, 2014

Mayor Shebetka called the regular meeting of the City Council to order at 6:00 pm in Springville City Hall. Present on roll call: Miller, Hoyt, Sindelar and Ralston. Brady was absent. Also present: Treva Davis, Dave Raue, Jane Kibler, Deb Yeisley, Josh Stoll and student Austin Kirchman, Laura Riley, and Todd Wyman.

Consent Agenda: M/b Sindelar, 2nd/b Hoyt to approve the consent agenda as posted. All ayes, motion carried.

Citizens With Concerns Not on the Agenda: None.

Reports: Sheriff: Deputy Johnson provided the service log for May 19, 2014 through June 2, 2014. There were 11 calls for service. May hours: 94.3.

Maintenance Report consisted of: 2 funerals, finished discharge at the lagoon, checked on a water pressure issue on Wild Pine Court, dirt work on graves

and then sodded them, marked for grave stones, and checked sites for trees to be planted in Emmons Park. Also, DNR personnel in town for a water inspection, laid dirt on South 6th Street for seeding, cleaned up sticks, limbs and branches on the streets and the 2nd Avenue bridge after the storm, checked for sewer backups in Circle Drive and on and 5th Street North and subsequently cut roots in the sewer main for the 300 block of 5th Street North. Utility shut-off day was May 27th and water turn on the next day, spoke with a representative from the school about the proposed championship sign, put the fountain in at Cox Lake, cleaned up the yard waste site and put down gravel in the stick bin, took the Ex-Mark mower to Rexco for repair and checked out a sink hole over the sewer line in the alley behind 510 Broadway that is sucking in dirt. An exploratory dig will need to be done to find out what the problem is. Todd thinks the sink hole in the back yard of 510 Broadway might be field tile from an old farmstead or an abandoned sewer pipe that has broken. Hopefully maintenance can fix the problem. Plans for the next couple of weeks include: fix the water line at 606 Broadway Street that froze this past winter, patch potholes, mow at the lagoon and pour concrete back from digs in the park.

Clerk: Asked what the council thought about the condition of the trees by the City Hall door. It was thought to wait through the summer to see if the dead pine needles take care of themselves. Informed the council the Summer Meals program at the Community Center has begun.

Library: Board President Treva Davis informed the Council that the Library Board felt the EMC Insurance reconstruction value of the library at approximately \$768,000 was too low and she would be talking with Tyson (the insurance agent) about it.

Old Business: 28E Agreement for Salt Purchase: Council reviewed 28E Agreements from Marion for the purchase and sale of bulk road salt and for municipal infrastructure maintenance and support services. It was noted that the "schedule of rates for services" Exhibit "A" was missing and a couple of typos were also found. However, the Council agreed with the premise of the 28E Agreements. M/b Ralston, 2nd/by Miller to approve both agreements. All ayes, motion carried. Brady was absent.

New Business: Request to Erect a Championship Board: Teacher Josh Stoll and student Austin Kirchman were in attendance at the meeting to present another group project that has its fruition in the Project Based Learning Group course study at Springville High School. This project consists of erecting a championship sign to recognize athletic achievements throughout the school's history. The group requests to erect the sign on city property between the water tower and High Street apartments. The group also agrees to maintain the ground the sign is placed on. The sign will be 17'X12' and be lit by solar lights. Council felt this was a wonderful project and a lease agreement will be ready for both parties to sign at the next council meeting.

Shoemaker and Haaland Project Update: report not ready at this time. Council discussed frustration with the length of time the land acquisition (property appraisals) was taking. Council would like engineer Bob Tobin to attend the next council meeting.

Tax Abatement Request: M/b Ralston 2nd/b Sindelar to approve the tax abatement application for 708 Wild Pine Court. All ayes, motion carried.

Set Policy Committee Meeting (ordinance updates): tabled.

Correspondence: Black Hills Energy notice of wireless meter reading (advanced metering infrastructure) installation.

Next Meeting: June 16, 2014 at 6:00 pm. There being no further business before the council M/b Sindelar, 2nd/b Miller to adjourn at 7:12 pm. All ayes, motion carried.

WITWER WACKY WEDNESDAYS

On July 9th there will be music by the **O'Deens:** 11am-12pm at the Springville Community Center. Lunch by Horizons: \$3.50 per person. 12-12:30pm, serving ham sandwich, side salad, fruit cup and lemonade or milk. Please specify your

choice of beverage at the time of your RSVP. Dessert is provided by Witwer. There will be Witwer Bingo from 12:45-2:00pm. Contact Janet at the Sansi Center for your lunch reservations by noon July 8th at 854-6100.

On July 23rd will be 'Fresh Conversations' from 11:30-12:00 noon (a nutrition education program with food sampling). Lunch by Horizons: 12-12:30pm (and Lemonade) Dessert is provided by Witwer. \$3.50 per person. **Witwer Board Game Bonanza** is 12:45-2pm (Scrabble, Cribbage and Rummy Cube) Contact Janet by noon on July 22 for lunch reservations.

Sponsored by the Witwer Healthy Aging Program City Council Minutes - June 23, 2014

Mayor Shebetka called the regular meeting of the City Council to order at 6:00 pm in Springville City Hall. Present on roll call: Miller, Hoyt, Sindelar and Ralston. Brady was absent. Also present: Treva Davis, Dave Raue, Jane Kibler, Deb Yeisley, Nate Sanderson, Steve Carnahan, Bob Tobin, Chad Vieth, Judy Rose, Susan Cooper and Todd Wyman.

Public Hearing: FY 2013-14 Budget Amendment: Mayor Shebetka called for oral or written comment, there being none he closed the Public Hearing at 6:03 p.m.

Consent Agenda: M/by Miller, 2nd by Brady to approve the consent agenda with the stipulation of timely filing of proof of dram shop insurance with Iowa ABD for the Legion. All ayes, motion carried.

Citizens With Concerns Not on the Agenda: None.

Reports

Sheriff: Deputy Steffan provided the service log for June 2, 2014 through June 23, 2014. There were 16 calls for service. May hours:103.40.

Maintenance Report: Cleaned catch basins, removed stump grindings in Upper Butler Park, fixed sink hole (old cistern) at 510 Broadway, repaired water line at 606 Broadway then poured and sawed the concrete. Also, repaired the storm sewer in backyard on 5th Avenue (pipe was sucking dirt in and created a hole over the pipe). Todd completed the monthly Bac-T samples and MOR for the IDNR. A street sign was removed from the post in the county to a utility pole, placed rock in washouts along 4th Street N., put signs out for city wide garage sales and fixed the parking and sidewalk (poured concrete and put dirt back along walk and seeded) from the dig of a frozen water line repair at 168 Broadway. Cleaned the gazebo and removed picnic tables for a wedding, checked on retaining wall removal and rip rap placed along the dry creek bank in Circle Drive. We received most of the new playground equipment, removed construction lumber from the yard waste site, cut low hanging limbs in Circle Dr. and picked up limbs from the storm. Todd met with the electrical engineer at the gazebo so they could check out the utility box, picked up supplies to service the pickup and backhoe and mounted an amber light on the backhoe. We monitored the flow at the lift station during the large rain event, attempted to repair the feed pump at Well #2 and ended up ordering a new pump, removed the dialer at the lift station to be sent in for repair and installed the backup dialer. We are planning to finish moving water in cells at the lagoon, get the lagoon mowed when weather permits and fix the sidewalks in Upper Butler Park. Todd discussed with the Council an e-mail received from Linn County Road Department concerning 2 signs (warning of reduced speed and 25 MPH speed limit). Linn County maintains it is not their responsibility to own and maintain a sign that notifies traffic of a city's speed limit. They would relocate the 25 MPH sign to a nearby power pole and remove the traffic warning sign of Springville's 25 MPH speed limit or the City would need to enter into a 28E Agreement for placement of the sign in the county right-of-way. Cost and maintenance of the sign would fall to Springville. Todd

already relocated the 25 MPH speed limit sign to the utility pole but wanted council input on the speed limit warning sign. Council was in agreement that there was a need for the warning sign, but unsure of how to proceed. Roger will contact supervisor Brent Olson about the situation. Todd gave the Council a brief overview of the results of the water supply inspection by the IDNR.

Mayor: Spoke briefly on his support for the upcoming school bond issue for elementary school improvements. Roger informed the Council of a nuisance property. A dumpster has been setting on the property for over 3 months. The dumpster was filled and changed out for a new one, however it was noted that a dumpster was on the property for over 3 months in addition to junk vehicles. A letter was sent to the property owner noting the nuisance(s) of which according to Springville code the owner has 20 days from the date of the letter to abate the nuisance(s). The Clerk noted the deadline fell just before the July 7th council meeting. The item will be on the July 7th agenda.

Clerk: noted reports this meeting included Library Board minutes of May 14, 2014, library newsletter, P&Z meeting minutes of May 20th and the May overtime report. The DOT will be attending the July 21st council meeting and Banyon Data Systems is offering free online training on its' software modules which should work out well with the hiring of a new Deputy Clerk.

Old Business

2014 Sealcoat Program: Todd distributed his list of street for the 2014 sealcoat program to be compared with the list submitted by Greg Eganhouse of LL Pelling. Todd eliminated several streets from the Pelling quote. Eganhouse, Bixler and Councilman Hoyt did a drive around of all the streets on the Pelling list with Eganhouse explaining the criteria that puts a street on the list. Discussion was held on the status of streets on the list. As the Council did not have time to review the list Todd presented this agenda item was tabled until the July 7th meeting.

New Business

Electric Franchise: Brief discussion was held on the draft of the Interstate Power and Light Company (d/b/a Alliant Energy) franchise agreement. Motion by Hoyt, second by Miller to set a public hearing for July 21st. All ayes, motion carried.

Lease Approval: Nate Sanderson from the school was present with a preliminary design for the championship board. Council reviewed the lease agreement prepared by Bixler. Motion was made by Hoyt, second by Sindelar to approve the lease agreement with the addition of a "lighting" clause. All ayes, motion carried. The agreement will now go to the school board for approval.

P&Z Appointment: M/by Brady 2nd by Hoyt to approve the appointment of Daryl Pearson to a 5 year term on the Planning and Zoning Commission. All yes, motion carried.

Library Board Appointment: M/by Sindelar 2nd by Ralston to approve the appointment of Tina Allsup to a 6 year term on the Library Board. All ayes, motion carried.

Sewer Line Clog: Chad and Kelly Vieth had a sewer line inspection in connection with the sale of their home. The city main was clogged with tree roots. Roto-Rooter televised and cleaned the main sewer line. Vieth's were asking to be reimbursed for the bill they paid. Todd recommended the city reimburse Veith's for the bill as there was sewer backup a couple of homes down and the sewer was cleaned of roots at that time however roots were still found when the line was televised. M/by Hoyt, 2bd by Brady to reimburse Veith's for the Roto-Rooter bill. Sindelar abstained siting conflict of interest due to the fact that her daughter is buying the house. Remaining ayes, motion carried.

Broadway Street Project: Engineer Bob Tobin was present for an update on the project. Bob reported not much had changed since his last update to the council. The electrical specifications are not finished yet. The property appraisals are completed and were in the packet for council review. Council expressed dis-

satisfaction with the time it took to get the appraisals completed. Discussion was held on the fact that this delay has most likely pushed the project into next year. The appraised "land taking" value for each of the properties was read. Concerned property owners will be invited to the next council meeting.

M/by Ralston, 2nd by Sindelar to approve **Resolution #10-2014; A Resolution Setting Salaries for Library Personnel of the City of Springville for FY 2014-15.** Roll call vote. All ayes, motion carried.

M/by Hoyt, 2nd by Miller to approve **Resolution #11-2014; A Resolution Ordering Required Sidewalk Repair or Installation.** Roll call vote. All ayes, motion carried.

M/by Brady, 2nd by Hoyt to approve **Resolution #12-2014; City Budget Amendment and Certification Resolution.** Roll call vote. All ayes, motion carried.

Correspondence: Information on Foundation 2 Mobile Crisis Outreach and Rock Island Clean Line route through Iowa. Council discussed the Deputy Clerk hiring process.

Next Meeting: July 7, 2014 at 6:00 pm. There being no further business before the council motion was made by Brady, second by Hoyt to adjourn at 7:44 PM. All ayes, motion carried.

From the Public Works Department

Yard Waste Site Reminder: **Only residents of Springville (those who receive a utility bill) shall be allowed to dispose of their yard waste at the site. Yard waste shall be divided and disposed of in the appropriate bins. Bins are labeled. Grass, leaves, garden waste and small brush up to 1/2" in diameter. Larger brush & tree limbs up to 8" in diameter. No yard waste shall be left at the site in ANY container, such as garbage bags, boxes, garbage cans or other receptacles. The City reserves the right to manage the amount of by-products kept at the yard waste site & use or dispose of by-products as needed. Todd reports many items such as tires, plywood, metal, plastic containers and many other prohibited items.**

Grass Clippings: The department also wants to remind homeowners that grass clippings are to be blown back on their individual lawns, **NOT** in the street. These clippings end up in the storm sewer along with items they collect along the way and plug the drain system.

REMEMBERING BLACK & WHITE TV

"Good Night and God bless."

PUBLIC NOTICE

The City of Springville is considering a 2015 Housing Fund grant application to the Iowa Department of Economic Development for funding of an Owner-occupied Housing Rehabilitation Program. The proposed program will provide financial assistance to income-qualifying homeowners with the rehabilitation of their homes. All interested citizens are encouraged to sign a document of interest and commitment available at the Springville City Hall or by calling Karen Bixler at 319.854.6428. ***Please note if there is not enough interest shown for the project—which is measured by residents filling out the enclosed pre-application form the City will not be considered for the grant.*** Anyone with questions about the program may call Liz Kemp at MSA Professional Services toll-free at 888.869.1214.

CITY OF SPRINGVILLE

OWNER-OCCUPIED HOUSING REHABILITATION PROGRAM SIGN-UP FORM

The City of Springville intends to apply for a Housing Fund grant through the Iowa Department of Economic Development (IDED). If successful, grant funds will be available to assist homeowners in the City of Springville with the rehabilitation of their homes. Financial assistance will be available as a five-year forgivable loan for 100% of the rehabilitation cost up to \$24,999 per housing unit. The forgivable loan will decrease 20% each year until the five-year term has expired. Participants will not have to make any repayments of the forgivable loan unless the home does not remain as their principal residence for the entirety of the 5 year term.

DOCUMENTATION OF INTEREST AND COMMITMENT

As the owner of a house at _____ in the City of Springville, I have read the above program summary and request assistance to rehabilitate my home. I understand that in order to qualify for this loan, I must meet certain low and moderate income limits* (those at or below 80% of the County median).

Signed:_____

Address:_____

Amount of request for repairs (approximate): \$_____

- *Current LMI income limits for Linn County are as follows:
- Household w/ 1 person \$62,640
 - Household w/ 2 persons \$71,520
 - Household w/ 3 persons \$80,520
 - Household w/ 4 persons \$89,400
 - Household w/ 5 persons \$96,600
 - Household w/ 6 persons \$103,800
 - Household w/ 7 persons \$110,880

Please return completed form to City Hall.

Independence Day in Jackson Hole, Wyoming

Aaron Carapella, a self-taught mapmaker in Warner, Oklahoma has designed a map of Native American tribes showing their locations before first contact with Europeans.

Finding an address on a map can be taken for granted in the age of GPS and smartphones. But centuries of forced relocation, disease and genocide have made it difficult to find where many Native American tribes once lived.

Aaron Carapella, a self-taught mapmaker in Warner, Okla., has pinpointed the locations and original names of hundreds of American Indian nations before their first contact with Europeans.

As a teenager, Carapella says he could never get his hands on a continental U.S. map like [this](#), depicting more than 600 tribes — many now forgotten and lost to history. Now, the 34-year-old designs and sells maps as large as 3 by 4 feet with the names of tribes hovering over land they once occupied.

Starting Line at the Corner of Broadway & 4th ST

Runners will run through Springville, head west and down a steep descent into the working Wendling Quarry. While in the quarry they will travel through a tunnel, blasted through the rock under Hwy 151, turn around, come back into

Springville. Awards will be given for top finishers, along with technical shirts to all paid participants!

Event organized with the support of Wendling Quarries as a fundraiser to help support Springville's Operation Backpack Program.

For more information or to register go to www.getmeregistered.com and search "Springville Extreme Quarry Run"
