## Clerk's Corner

*"An unintended direction often leads to the discovery of beauty."*

As Springville springs into spring for 2018, it is a good time get outside and enjoy one of our many parks. Springville has four major parks totaling over 15 acres of greenspace. From its beautiful Gazebo, to a hidden nature preserve, to ample swings and playground equipment, now is the time to experience the allure of Springville's recreation areas.

Another part of springing forward is that grass begins to grow. That means we all get to mow. City Ordinance says that we each must keep our lawns, grass and weeds both, below 12 inches in height, although our neighbors usually like it lower than that.

I hope to see you all strolling around discovering the beauty which is Springville in springtime!

Your City Clerk, Mark

# Tag-Less Tuesdays

**Starting on July 3rd, 2018**

**Garbage Pick up Day changes to Tuesday.**

You can continue to use your current garbage can and recycling bin. Please do not load more than 40 pounds.

In place of tags, your recycling portion of your water bill will be going up $7.75 per month to cover all the garbage pickup. This averages to less than $1.80 per week for up to two (2) cans garbage pick up. Recycling and yard waste fees will not change.

Tag-less Tuesdays means no more tags are needed for garbage.

Tag-less Tuesdays also means garbage pick up will be on Tuesdays instead of Wednesdays.

The new vendor is Wapsi Waste. Wapsi will pickup two cans and recycling from your curb. Wapsi will try to run the same routes as before, so expect pick up times will be about the same.

### RECYCLING

Recycling will also be picked up on Tuesdays. Newspaper, cans, aluminum, plastic, paper, cardboard, magazines, paper bags, are all picked up as recycling.

Glass, such as bottles, jars, or containers, are not picked up. Glass items have a high insurance expense and are too costly to be hauled.

Window glass, mirrors, light bulbs, pottery, cookware and ceramics are also not recyclable.

Plastic shopping bags are not recyclable and can jam the recyclable sorting machines. Please do not put plastic shopping bags in your recycling.

No changes to Springville's Yard Waste have been made. Residents can still take their leaves, grass and smaller branches to the Yard Waste site.

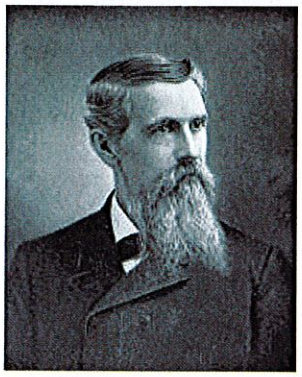
# A STROLL THROUGH THE HIS

## *Jesse Reneau opposed daughter's fiance, a Democrat*

In June 1801, a boy named Jesse was born in Tennessee, great-grandson of a man who came from France to Virginia in the early 1700s. At 25, Jesse Reneau married Mary Browning from North Carolina. They relocated to Indiana before their first child was born in May 1827.

By 1838, there were six young Reneaus: William Thomas, Mary Jane, Maria Louisa, Daniel N., Meredith T. (boy), and Sarah E. In 1848, the family moved to Springville, a pioneer settlement in Iowa. Their log cabin stood southwest of the later railroad crossing west of town.

Jesse's wife, about 50, died in October 1853. On Feb. 25, 1855, the widower married Nancy Swails Noah, 51.



***Above:*** *Joseph Butler, son-in-law of Jesse Reneau.* ***At right:*** *Reneau's gravestone misspells his surname. Lydia Reneau, Jesse's third wife, is interred beside him.*

Photo by W. Bender

She was born in Maryland and widowed in Indiana. Her second marriage was short; Nancy and Jesse parted ways before the 1860 census.

Lydia Cafferty Gardner, Jesse's third wife, was born in 1811 in New York state. She lived in Cascade, Iowa, with her first husband, Lewis. He died in March 1862. On Sept. 24 the same year, Lydia and Jesse were married in Cascade. They were together 21 years.

A farmer and a justice of the peace, Jesse was "a strong temperance man, and although a member of no church, led an exemplary life and was held in high esteem by his neighbors and friends." This description is from the 1887 Portrait and Biographical Album of Linn County.

Jesse objected strongly to one daughter's fiancé because the young man was a Democrat. Undeterred, Maria Reneau held her wedding at the home of the groom, Joseph S. Butler. Justice of the peace Aaron Risley officiated at the July 4, 1854, ceremony.

Perhaps Jesse changed his opinion after three Butler grandsons arrived. Sadly, the eldest lived only to age 19, and the third died at three months. But Jesse lived to see the middle boy, Fred, marry **Clara Burger** on Christmas Day 1882.

Eight months later, on Aug. 25, 1883, Jesse died at 82. His gravestone in Springville Cemetery misspells the name *"Renean."* Jesse's widow, Lydia, spent her remaining 12 years with a daughter in Anamosa. In 1895, Lydia was interred beside Jesse.

The gravesite of Jesse's first wife, Mary, is unknown. Nancy, the ex-wife, died in 1861. She was buried in Crabapple Cemetery, west of Springville, as Nancy *"Renor."* Jesse's surname is listed as *"Reno"* in the 1870 and 1880 censuses. It was obviously a spelling challenge!

## Six Reneau offspring lived in Iowa, Nebraska, and Michigan as adults

The name Reneau vanished from Springville in 1883, when Jesse died and his widow, Lydia, moved to Anamosa. One of Jesse's sons died single, two moved to Nebraska, and all three daughters changed their surnames by marriage.

**William Thomas Reneau** married Nancy Harkness, an Ohio native whose father was born in Ireland. After 1860, they moved to Stamford in Harlan County, southern Nebraska. The father of five, William died in 1894 at age 66.

In 1850, **Mary Jane Reneau** married James Milton Oxley, a farmer near Springville. They had seven children. Mary died in 1911, not quite 81. Her grave is in the Springville Cemetery.

**Maria Louisa Reneau** married Joseph Samuel Butler in 1854. Just one of their three sons reached adulthood. Maria lived to 89; she was buried in 1921 in the Springville Cemetery.

About four years after moving to Springville in 1848, **Daniel N. Reneau** died at 19. No record exists of his burial at Springville, but his grave could be unmarked.

In 1870, **Meredith T. Reneau** was in Springville. By the 1880 census, he was living in Harlan County, Neb., 44 and unmarried. No further record has been found.

**Sarah E. Reneau** married Nathaniel (Nathan) Paul in 1858. They divorced before 1880. Sarah moved to Michigan, where her two children lived. At 91, she died Aug 9, 1928, in Edwardsburg, Cass County, Mich.

# TORY OF SPRINGVILLE, IOWA

## Stone-Love wedding in 1865 preceded two sad losses

In 1865, the year the Civil War ended, a wedding was held Sept 28. The bride, Alice C. Stone, would turn 16 a week later. The groom, Dr. John Smith Love, 34, had practiced medicine in Springville since December 1858. He also owned a farm that was managed by Alice's father.

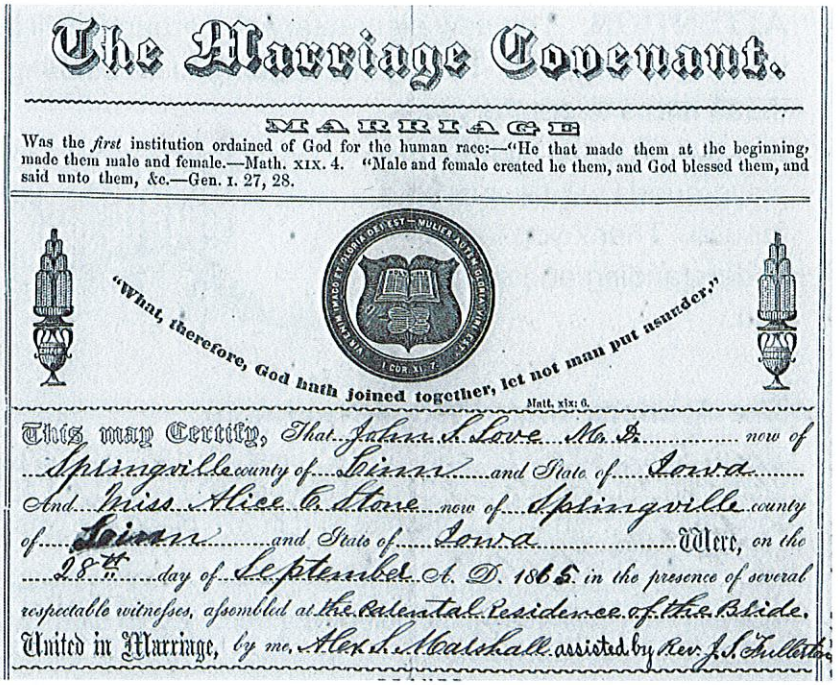
The wedding was at the Stone home near Springville. Two Presbyterian ministers, Alex S. Marshall and James S. Fullerton, officiated. Alice was the oldest child of Joshua Dean Stone and Susan Gardner Stone. They also had two sons, Augustus and Jeremiah.

### Baby boy born in 1866

In 1866, Dr. and Mrs. Love welcomed a baby boy, but he died the same year. The baby's name, and dates of birth and death, are unknown. No other children were born to the Loves. At 22, Alice Love died of "consumption" (tuberculosis) June 22, 1872.

In less than seven years, Dr. Love had known the joy of marriage and the anguish of losing his infant son and his wife. He never remarried. At 75, he died Feb. 22, 1907. The doctor, Alice, and their baby are buried in the Springville Cemetery.

The marriage certificate of Dr. John Love and Alice Stone somehow came into the possession of Harley and Alma Pearson Grimes, who lived at 305 Second Ave., Springville. In the early 1960s, Mr. and Mrs. Grimes gave the certificate to the renters of their upstairs apartment at the time, Merlin and Dorothy Boland.



The Marriage Covenant.

MARRIAGE

Was the *first* institution ordained of God for the human race:—"He that made them at the beginning made them male and female.—Math. xix. 4. "Male and female created he them, and God blessed them, and said unto them, &c.—Gen. i. 27, 28.

"What, therefore, God hath joined together, let not man put asunder."

Matt. xix. 6.

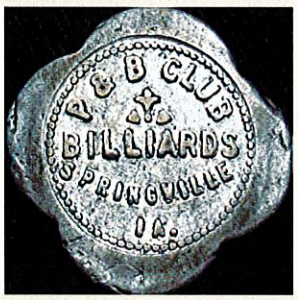
This may Certify, That John S. Love M. D. now of Springville county of Linn and State of Iowa And Miss Alice C. Stone now of Springville county of Linn and State of Iowa Were, on the 28th day of September A. D. 1865 in the presence of several respectable witnesses, assembled at the Parental Residence of the Bride, United in Marriage, by me, Alex S. Marshall assisted by Rev. J. S. Fullerton.

This is a copy of the Stone-Love marriage certificate, now almost 153 years old. Dorothy Boland has donated the original certificate to the Springville Area Historical Society, which is very grateful for this unusual gift.

### *Token from P and B Billiards Club*

Travis Mysak of Marion located these front and back photos of a token from the P and B Billiards Club. Travis is the son of the late Steven A. Mysak; his grandfather was Henry Mysak.

The date of the token, and location and owner of the billiards hall, aren't known. If any readers have more information, please call Karen Taylor, 854-7422. (The games of billiards and pool are not identical, although they're similar. One difference: Unlike a pool table, a billiards table has no pockets)



**'DREGS OF WINE'** was the color description of Clara Belle Burger's silk wedding dress in 1882. On Christmas Day, Clara, 20, married Charles Frederick "Fred" Butler. Clara, born in 1862 in Pennsylvania, came to Springville as a very small child.

### Historical Society to meet on June 12

Anyone interested in local history is welcome to attend meetings of the Springville Area Historical Society (SAHS). The next one will be June 12 at 6:30 p.m. in the SAHS building, next door to City Hall. *(SAHS will not meet in July and August.)*

President James Crow announced at the May 8 meeting that he had appointed Dixie Brady and Bev Franks to the SAHS board of directors. Both were present. The board also includes the four SAHS officers.

It was noted that two SAHS members, Wes Bender, vice president, and Bob Parker, would be going on the May 15 Honor Flight to Washington, D.C. Wes, and Bob's wife Shirley Parker, were at the meeting.

Discussion was held about the first revisions of the bylaws since 2012. Springville's attorney, Jeff Taylor, was present to provide consultation. No final action was taken. Also present May 8 were Jean Schmidt, secretary-treasurer; Karen Taylor, historian; Rick Heeren; and Don McShane.

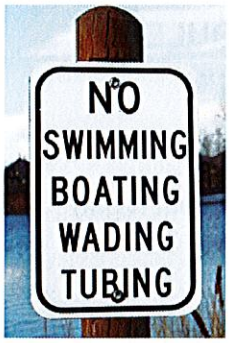
## Please do Not Swim in Cox Lake



Please DO NOT swim in Cox Lake. The lake has not been or kept sterilized to the standard needed for people to swim in. The fish, however, in Cox Lake have been stocked and are available for your pole and bobber. Please make sure to release what you catch (unless you catch that king predator Northern Pike). Also, be sure to check out the Kid's Fishing Derby at Cox Lake on June 3rd!

## Water and Sewer Rates Flattening

Historically, it has been less expensive in Springville to use the 2,001st gallon than any of the previous 2,000.

The rate charged for water and sewer was set by Ordinance to a standard for all gallons. The first gallon and the last gallon of water used will cost the same. The new rates will take effect on July 1st, 2018.

## Emergency Sirens on Order

Due to mechanical issues, the noon whistle has not been sounding off. The siren must be manually triggered. In case of emergency, the siren will still sound.

The controller for the emergency sirens is now over 60 years old. At the April 16th meeting the City Council voted to replace both emergency sirens. New sirens with added capabilities are on order. The current schedule has the new sirens fully operational before summer is done, but hopefully will be replaced in early July.

## OPEN BURNING

Per Ordinance #4-2012 open burning of rubbish, including landscape and garden waste, also grass, weeds, trees, limbs, brush and other natural growth is banned. Litter, garbage, junk and building materials are also included in this ban. Exempt from the open burning ordinance is burning that is solely used for cooking and recreational activities such as campfires and outdoor fireplaces that burn charcoal or clean wood material. Campfire rings shall be no more that three (3) feet in diameter. Campfire rings ARE NOT TO BE USED IN PLACE OF A BURN BARREL! If a complaint is received and verified the Fire Department will be contacted to put the fire out. Questions may be directed to City Hall: 854-6428.

## Golf Cart Permits

Golf carts must be registered with the City of Springville to operate legally on our city streets. The permits may be obtained at the clerk's office, at 304 Broadway, from 8:00am to 12:00pm and 1:00pm to 5:00 pm Monday—Friday. All 2017 permits expired on December 31, 2017. Please remember to bring your valid driver's license and proof of insurance covering the golf cart. The cost of the annual permit is $25.00 and can be paid with check or cash. Please be sure to read the ordinance and follow the regulations to help ensure that vehicles are operated safely on our city streets.

A reminder for all those enjoying all the softball and baseball games this summer. The school grounds are pet and smoke free zones. Please do NOT bring your pets to the games.

It is that time of year again. Time to get the mowers out. For some that is great news and for others it is just another job. Please keep in mind that the city asks that you DO NOT mow your clippings into the street. It makes a mess in our storm drains. Also, we want to remind you that it is your responsibility to keep your yards mowed in a timely fashion.

HOME
50TH ANNIVERSARY
RULE
celebrating 50 years of local control

One of the pillars upon which local governments in Iowa stand is the law of Home Rule. In a basic sense, this law allows cities to govern and regulate themselves. However, there are significant restrictions that cities must adhere to, including not passing any local laws that are inconsistent with state law.

Until 1968, cities in Iowa struggled under what was known as "The Dillon Rule", named for Iowa Supreme Court Justice John Dillon who ruled in a case in 1868 that city governments could only possess and exercise powers which were expressly granted by the legislature. Under the Dillon Rule, cities could only exercise those powers granted to them in the Code of Iowa. If the Code didn't provide that a city could do a particular thing, the city couldn't do it.

The Home Rule movement was a grass roots effort by cities to overturn the Dillon Rule and to claim for city residents their right to govern their own affairs through their elected city councils. The Home Rule Amendment to the Iowa Constitution, passed by Iowa's electorate in 1968, provides that:

## Mayor's Proclamation

Whereas, Home Rule is essential to effective and responsive municipal governance in Iowa and provides flexibility to make decisions at the local level, where decisions are made closest to the people they impact and can be tailored to fit local conditions, needs and concerns in order to better serve taxpayers;

Whereas, the City of Springville supports Home Rule and the powers it provides to make local decisions that best reflect the residents of our community;

Whereas, the citizens of Iowa approved the adoption of Home Rule in the Constitution of Iowa on November 5, 1968;

Whereas, this is the 50th year of municipal Home Rule in Iowa;

Whereas, Home Rule continues to be vital to the health and prosperity of all cities in Iowa;

Now, therefore, I, Roger A. Shebetka, Mayor of Springville, IA do hereby recognize the 50th Anniversary of municipal Home Rule in Iowa and proudly support its continued authority.

> *"Municipal corporations are granted home rule power and authority, not inconsistent with the laws of the general assembly, to determine their local affairs and government, except that they shall not have power to levy any tax unless expressly authorized by the general assembly. The rule or proposition of law that a municipal corporation possesses and can exercise only those powers granted in express words is not a part of the law of this state."*

Iowa's form of Home Rule has two significant limitations. First of all, cities can tax their citizens only as "expressly authorized" by the Legislature. The Code allows cities to tax real property, but limits how much of the value of property is subject to taxation and the levy rate that may be applied to property values. The Code also allows cities to tax sales and use transactions, but again with limitations on the tax rate that may be applied to those transactions.

The second major limitation on the exercise of Home Rule power by cities is that they cannot exercise that power in a manner inconsistent with laws passed by the Legislature. In effect, the State of Iowa can, through its Legislature, pre-empt city exercise of local governance.

The citizens of Iowa have enshrined in their Constitution the expectation that cities will exercise their Home Rule powers to determine their local affairs and government. City officials therefore have a duty to use their Home Rule powers for the benefit of their citizenry. Not only must they resist challenges to their Home Rule powers, but they must also resist the temptation to seek explicit authority from the Legislature to act, when the Home Rule Amendment provides them all the authority they need.

No action taken pending hearing for same on May 21st.

Discussion was held on proposed changes in Ordinance 04-2018 Annexed Territory to change the grandfathering of structures and land uses at the time of annexation. No action taken pending hearing for same on May 21st.

Discussion was held on feral animals and pets running loose. Written resident complaints and proposals were considered. Clerk Bloom described the current animal budget as having only $1,000 per year to handle feral animals, while each animal capture and transfer to the Cedar Valley Humane Society costs about $300. Mayor Shebetka pointed out that at least 4 of the strays at one complaint location are pregnant at this time. Mayor Shebetka proposed that Council consider moving to a pet registration system in order to track each pet in town for public safety and provide sufficient funds to handle feral animal issues. One business in town has reported a significant uptick in its rodent population. Clerk Bloom reported that Linn County had no organization in place which Springville could leverage for purposes of feral animal control. Council direct the Clerk to further research what other cities are doing.

Discussion was held on a unique opportunity for the purchase of a low mileage Utility Vehicle. Director Wyman reported that his department had test the vehicle for a day and was pleased with its performance. M/B Ralston to purchase the Utility Vehicle with extra attachments for a total cost not to exceed a total price of $10,000, 2/B Thies, all ayes, M/C.

Clerk Bloom reported that the Office of Auditor of State for Iowa requires the City of Springville to undergo an examination for Fiscal Year 2018 as Springville's census is above 1,000 people and its budget exceeds $1,000,000 two years in a row. M/B Andersen to engage the Office of Auditor of State for Iowa to perform the City of Springville's fiscal year 2018 examination as required by state law, 2/B Thies, all ayes, M/C.

Director Wyman described a damaged personal property sewer line revealed during the 5th street reconstruction project. The sewer line was discovered to be leaking sewage into open ground and the City cannot ignore the issue; a fix must be found for public health and safety purposes. Director Wyman suggested the city should replace the failed sewer line and bill the resident for the costs. The project contractor is willing to replace the line while it has the street torn up and the problem is exposed, but the costs are not covered under the current contract. Mayor Shebetka directed public works to begin repairs as soon as possible. Council directed Clerk Bloom to have a repayment contract drafted in order for the property owner pay the costs of the repairs.

M/B Andersen, to adjourn meeting at, 2/B Thies, all ayes, M/C

Discussion was held on consumer price index adjusted interest rate history and their impacts on material and labor costs for enterprise activities such as water and sewer. Councilperson Andersen noted that inflation averaged about 2.8% per year over the past 20 years. Councilperson Merritt suggested that automatic price increases to cover the cost of inflation are a prudent method of ensuring the financial viability of enterprise funds moving forward. Councilperson Grimley observed that the City Council should be actively involved in setting rates each year. Councilperson Ralston shared the concern that City Council should be able to stop the automatic rate increase by simple resolution each year. M/B Andersen to use a 3% for the automatic rate increase in Ordinance 01-2018 for both sewer and water rates with the provision that council be able to stop the automatic rate increase by simple resolution each year, 2/B Thies, all ayes, M/C.

Also in attendance were: Daryl Pearson, Jean Menster, Treva Davis, City Attorney Mark Parmenter, Public Works Director Todd Wyman, and City Clerk Mark Bloom.

M/B Thies to approve the consent agenda, 2/B Grimley, 4 ayes, M/C.

Councilperson Thies praised the work done on the ordinance, There being no further comment or discussion, Mayor Shebetka closed the Public Hearing at 6:05 PM. M/B Andersen to approve Ordinance 02-2018 AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF SPRINGVILLE, IOWA, 2016 BY AMENDING PARITALLY SECTIONS OF CHAPTER 165, 2/B Grimley. Ayes: Thies, Grimley, Andersen, Ralston; Nays: none; Absent: Merritt. M/C.

Mayor Shebetka opened a Public Hearing on Ordinance 03-2018 amending Chapter 41 about fireworks at 6:07 PM. Mayor Shebetka called for oral or written comment. Daryl Pearson said that banning the right from state law to use fireworks is wrong and hurts the community's ability to celebrate the 4th of July. Daryl Pearson also observed that John Adams started the first official 4th of July celebrations by calling upon all citizens to use or observe fireworks as a means of celebration. Mayor Shebetka said that veterans with PTSD were unduly harmed and that significant amounts of pollution where found after last year's celebration, and that Marion and Cedar Rapids had banned fireworks. Daryl Pearson suggested that the first time after a long prohibition was not a good indicator for how people would act with fireworks moving forward. Councilperson Andersen emphasized the cost to suffers of PTSD with unexpected loud noises was high. Councilperson Ralston expressed doubt that a ban on fireworks would eliminate noise or pollution problems, as fireworks were commonly available and would be used regardless, so control of firework is better than banning. There being no further comment or discussion Mayor Shebetka closed the public hearing at 6:25PM. M/B Thies to approve Ordinance 03-2018 AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF SPRINGVILLE, IOWA, 2016 BY AMENDING PARTIALLY SECTIONS OF CHAPTER 41, 2/B Grimley. Mayor Shebetka opened a Public Hearing on Ordinance 01-2018 amending Chapter 92, 99, and 105 about the setting of enterprise rates and procedures at 6:27 PM. Mayor Shebetka called for oral or written comment. Treva Davis asked if the council intends to review each year the proposed automatic price increase of 3% on water and sewer rates. Council members replied that it was their intent to review rates each year, but that the Ordinance change would allow for resolution to change or waive the rate increase rather than ordinance. Treva Davis then inquired if the council could raise the rates by more than 3% by resolution. Mayor Shebetka explained that 3% rate raise was only intended to keep the enterprise fund raise at pace with consumer price index adjusted inflation rates. There being no further comment, Mayor Shebetka closed the public hearing at 6:34PM. M/B Andersen to approve Ordinance 01-2018 AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF SPRINGVILLE, IOWA, 2009 BY AMENDING PARITALLY SECTIONS OF CHAPTER 92, CHAPTER 99, and CHAPTER 105, 2/B Thies. Ayes: Thies, Grimley, Andersen, Ralston; Nays: none; Absent: Merritt. M/C. M/B Grimley to wave the second and third hearings on Ordinance 01-2018, 2/B Ralston. Ayes: Thies, Grimley, Andersen, Ralston; Nays: none; Absent: Merritt. M/C.

A discussion was held on the failure of the current Kubota mower. It was determined that repair cost would be higher than the remaining residual value of the mower. Councilperson Andersen recommended two options as leased replacements to minimize the budget impact. Further discussion was held on placing the lease into the Parks budget for FY19 and selling for the remaining Kubota as parts or salvage. M/B Thies to lease replacement zero turn mower as proposed, 2/B Andersen, all ayes, no nays, M/C.

Mayor Shebetka opened a Public Hearing on Resolution 28-2018 on a Budget Amendment to FY18 at 6:54 PM. There being no comment or discussion, Mayor Shebetka closed the Public Hearing at 6:55 PM. M/B Andersen to accept Resolution 28-2018 A RESOLUTION AMENDING THE CURRENT BUDGET FOR THE FISCAL YEAR ENDING JUNE 2018, 2/B Thies. Ayes: Thies, Grimley, Andersen, Ralston; Nays: none; Absent: Merritt. M/C.

Public Works Director Wyman reported that the fountain equipment at Cox Lake had been vandalized and that partial repairs had been completed, that carp and dye had been placed into Cox Lake, that the Parks trails project for the summer was progressing, that the replacement water main was about three quarters complete on 5th Street, and that the new sanitary sewer lift station is projected to arrive about June 10th. Director Wyman further commented that the 5th Street would be closed to all traffic between 1st Street and the bridge starting Monday May 28th for several weeks and that two more temporary water turn offs to residents were planned.

City Clerk/Treasurer Bloom reported that the City had passed its insurance audit, that the Wapsi Waste contract was nearing completion, that the Linn County Emergency Management Agency has repeatedly requested a city representative be appointed to the County EMS committee. Clerk Bloom also reported that the legal bounds definition of proposed property purchase on the northwest corner of the 5th Street bridge required a survey. Council directed the Clerk that the seller was responsible for providing a clear property description for the deed.

M/B Ralston, to adjourn meeting, 2/B Thies, 4 ayes M/C.

Next Council meeting well be held on Monday, June 4, 2018.
